

EXAMPLE PDF FILE

 **Leading voice in robotics and frontier tech**
with hands-on experience from factory automation to deploying robot dogs in oil and gas markets

 **Advisor and venture partner in the robotics startup space**
helping early-stage founders connect with VCs, land first clients, and grow visibility in niche markets

 **Built a global community of 250,000+ followers**
reaching over 300 million people - recognized by The Information and occasionally boosted by Elon Musk on X

Lukas Ziegler
Author & co-founder,
We are all robots
